Fall 2023 Investigator Development Core Program Request for Proposals

The new, multi-institutional, COMMUNITY Investigator Development Core Program will provide funding for pilot projects conducted by early-stage investigators (please see RFA for eligibility)

Pilot Projects should address three components:

- Two or more chronic diseases that commonly co-occur
- Health disparities and/or health equity
- Risk-reduction, treatment, and/or management of these chronic diseases.

Applications Due: 5 pm, Monday October 23rd, 2023

Award: \$25,000 to \$50,000 per pilot project

Visit www.health4allnyc.org/funding for more information

Submit proposals and any questions to:

Marisol Castellano, MS (Investigator Development Core Project Manager) at
mc4542@cumc.columbia.edu.

Funding is through the National Institute on Minority Health and Health Disparities
